

Hi Folks,

We have not moved but have a new shipping address.

**Effective immediately, samples should be sent to:**

OSU College of Forestry  
3015 Western Blvd, Room 150  
Corvallis, OR 97331  
ATTN: CCAL, Laura Hartley

**Important sample shipping notes:**

- Packages sent UPS and priority FedEx are delivered once daily to CCAL. Please provide tracking information when shipping so we can check the status of packages.
- It is very important that sample packaging is marked with “refrigerate upon receipt” or “freeze upon receipt” (mark refrigerate if mix of fresh and frozen samples). Advanced notice prior to shipping will help ensure proper receipt of samples.

Please contact us if you have any questions. Please forward this information to anyone who may find it useful.

Thank you for your continued support!

Laura and Kathy
